

Dr. Esther Grushkin

was an extraordinary woman with a passion for learning that she shared with students of all ages. It is in keeping with this love of learning that the JCC of Staten Island Dr. Esther Grushkin SAJE Lecture Series is being established in perpetuity by the Grushkin family. The Seminars for Adult Jewish Education (SAJE) Lecture Series will feature guest lecturers focused on issues and topics that resonated with Esther such as philosophy, the Bible, biblical archaeology, Jewish Culture in its many forms and more.

Joan & Alan Bernikow
Jewish Community Center of Staten Island

invites you to the
